## Words from our Pastor:

It is so rewarding to know that our Kingdom Matters project in 2018 will kick start our funding to various Kingdom priority initiatives. These will enable us to reach wider people groups and to be a channel of blessing that God has called us to be as a church.

As we sow prayers into the Kingdom of God, there will be unimaginable possibilities of what we can do. As we sow our temporal currency into God's Kingdom, there will be an eternal impact to the lives of the people near and far. Whether it is contributing our prayers, skills, time and treasures, let us embrace this privilege with a God-given generosity.

It is an honour to walk alongside you to see the Kingdom of God established on planet earth with partners like you.

Much love,  
Ps Wilson & Lai Ling Lim  
Senior Pastor

# Overview of Initiatives

## Missions

We celebrate and support church planting efforts in Africa and India which has been changing the landscape of Christianity in the country through the impact of the Gospel of Jesus Christ. The aim is to **conduct training and pastoral support for 50 churches and leaders, funding irrigation, funding a school in Mozambique and providing partial staffing and funds to support missionaries** that has been commissioned by Hope Church.

## Unidus Community Center

It is estimated that an additional 100 car park spaces are required to cater for the combined Sunday services and large scaled events in Unidus. This funding enables us to provide up to 5 car park spaces. The project will improve the community safety as it significantly reduces the need of people parking by the busy main road and walking on unlit path into the building. The bus zone can also be reserved for the fire trucks and ambulances in an event of emergency.

## Community Work (Hands of Hope)

Hands of Hope has been impacting the community for years through the range of activities that aims to bring the community together. This includes the iconic **Christmas4Kids, Winter Warmers and English Conversational Classes** that are extended to hundreds of families every year. 2018 aims to establish a new project called “**Good neighbours**” which is targeted to foster neighbourly relationships and safety in the new large housing development in Pallara.

## Community Christian Childcare

**Community Christian Childcare**, when established will bring an influence to the general community of Brisbane by providing little children and their families with Christian ethos through quality care and education. We are currently in the stages of dreaming with God, planning and preparing to form a team for this project. This will be a strategic path for greater impact for the generations to come.
