FREQUENTLY ASKED QUESTIONS

01 Why are there Level 1 and Level 2?

By the grace of God, we grow in spiritual maturity, from a spiritual baby, to an adolescents and to an adult. "Next Steps" is designed for everyone at any stage in their maturity, knowing that there will always be a next step for them to grow in maturity.

To give you an idea,

Level 1 - From a new believer to a mentor

Level 2 - From a mentor to a leader

By evaluating the checkpoints, is it possible for me to be at different level for Connect, Grow and Serve?

02

Yes, it is possible. If you refer to the package, we intentionally arrange the checkpoints according to each level, and not according to "Connect, Grow, Serve". The idea is for any person to grow holistically throughout the level.

For example, if you have achieved all the checkpoints at "Level 1 - Connect" but still growing at "Level 1 - Grow and Serve", then your next steps should be to focus in those areas, rather than to move to Level 2 - Connect.

"Next Steps" can be liken to a spiral staircase.

03 Who determines my level?

"Next Steps" is designed for you to assess your current spiritual maturity, and to grow to the next level. Having said that, it is always a good idea to have a chat with your mentor or leader.

How long should the growth period be, until the next review?

04

It varies on a case by case basis. It depends on your growth areas, goals and actions. We suggest a minimum of 3 months.
